Special Notes

- Bring plenty of water and firewood.
- All cars/trucks must be removed from campsite by Taps Friday night (unless attached to a trailer)
- Scouts will participate in a Dutch oven cooking contest. Meal must be cooked in the designated Camporee cooking area, no adults allowed in that area during cooking. Refer to the handout (which must be turned in with the entry) for more details. There will be a separate ribbon for this contest.
- On Saturday, Chaplain Aides will finalize the Sunday Scouts Own Service. Chaplain Aides will meet at the Roundtable on February 14th to develop the basic service. It would be beneficial if they brought copies of songs, prayers etc) of anything they would like included in the service. We will have a service planning binder and bible available.
- Patrols participating in the competitions must include cub scouts on their teams.
- In addition to other activities, we will have a catapult building and launching contest. Materials and design used are at the discretion of each troop. No adults will be allowed in the construction area. Cub Scouts may participate with a troop. All catapults will launch a common round for fairness.
- Campsites will be inspected and scored by the Senior Patrol Leaders.
- At the Friday SPL meeting, troops may sign up for the Sat and Sun flag ceremonies.
- Troops should plan to have EACH of their patrols present a skit or song at the campfire. These will count toward the Honor Troop Award (If you have multiple patrols, the highest score will go toward Honor Troop).
- Awards will be given out after the church service at the flag retreat on Sunday.

Health, Safety and Sanitation Recommendations

1. Have a daily inspection covering sanitation, sleeping quarters, personal health, cleanliness, equipment and grounds. Let nothing grow into a problem. Catch the little things early.
2. All Troops should review The Guide to Safe Scouting for all BSA policies and safe instructions.
3. All trash must be carried out when you leave and disposed of in a proper garbage receptacle or landfill. (Nothing is to be burned in the fire pit except for wood.)
4. There absolutely will not be any alcoholic beverage, controlled substance of any kind or firearms allowed on the premises. Anyone in violation of this rule will be asked to leave the Camporee and risk further action by the District Committee up to and including the possible ban from any future Camporees or outings sponsored by Central District.
5. **Tobacco is only allowed in an area out of sight and away from the youth in accordance with BSA policy in The Guide to Safe Scouting, section 4. There will be a designated area sectioned off for this purpose.**
6. Accidents and injuries must be reported in accordance with BSA policy, found in section 5 of The Guide to Safe Scouting. All Troops should keep a log of accidents and injuries for their own protection also.
7. Only flashlights and electric lanterns are permitted in tents. No flame in tents is a rule that must be enforced.
8. All flammable liquids must be stored in accordance with BSA policy stated in The Guide to Safe Scouting, section 7.
9. Each Troop will have a fire plan ready to use in the event of a fire emergency. Each Troop will have filled fire buckets painted red designated for use in case of fire. (Reference: Unit Fireguard, No. 33691)
10. Dishwashing is an important part of camping. Let's not have anyone go home sick from dirty dishes. Check the Scout Fieldbook, pages 186-189, for proper dishwashing instructions.
11. There will be no personal knives longer than 3" allowed on any Boy Scout.
12. Taps will be at 10:00 p.m. All Scouts should remain in campsite after 10:00 p.m.

Thank you for your cooperation - Your Health and Safety Committee
