

Webelos Zone Rotation

Your Pack will be put into a Tribe when you enter camp. Your Tribe will be in the same campsite cluster, you will eat in your assigned area of the dining hall and you will move around camp together. There will be 4 Program Zones in camp. Your Tribe will visit each zone throughout your stay. Your Scouts will be given the option of several achievements/electives within the zone and they will pick which one they would like to work on when they get to the program zone. That achievement/elective will be worked on during your Webelos time in that zone and we will work diligently to help them complete that achievement/elective.
